Truly a modern masterpiece. 4\/10!

Fun little game. It doesn't take long to get all the achievements.. An incredible value, and fun for the whole family! Few Soviet-made games have made it out from behind the Iron Curtain, but this is one of the gems. Never before have Soviet era games been so accessible to North Americans and the Chinese alike! The rustic graphics, transported straight from 1992, will provide the nostalgia trip any self-respecting single man over 30 needs on a Friday or Saturday night. 10\/10.
